OUR PROMISE

MANUFACTURING EXPERIENCE

Chung Jen has 30 years experience in manufacturing zinc alloy products and is dedicated in developing new gifts & premiums with professional R&D team.

In 2013, we extended the production line for plastic products which increases product variety to getting closer to customer needs.

CUSTOMER RELATIONSHIP

The online customer service system allows you to ask questions more quickly and get answers in a short time. In addition, in order to better understand the needs of our customers, we also actively participate in major commercial exhibitions and establish trust relationships with our partners through frequent exchanges.

ONE-STOP SERVICE

We focus on service, quality, and customized products to meet customer needs. One-stop service, from design, production, quality inspection, packaging to delivery, meets all your needs at once. From the development of small-scale processing plants, Chung-jen has been awarded the "Excellent Employer Enterprise" by the Quanzhou Foreign Economic Committee and the Shishi City Government. The growth is obvious to all.

AUTOMATED PRODUCTION

By using Gz3 zinc alloy, which is 95.67 percent pure zinc, our patent products are stronger and more impact-resistant than competing models.

The material also conforms to REACH regulations in Europe, facilitating RoHS and CE marks being awarded to our products.

Developing new products, upgrading technology, lowering cost, speeding up capacity, promoting excellent quality product and creating additional value are our business commitment.

With 35 year's experience, we have manufactured keychains, badges, medals, and pins for clients like Disney and Coca-Cola. Clients know that our 500-member production staff completes orders efficiently. Prototypes with your logo are available in just 10 days. Our R&D team develops new models monthly.

3D Digital Printing Badge

NEW

◆ New technical to make your product unique ◆

Our technical are still researching the effects of UV digital printing on metal products and developing new coloring technique - "glitter digital printing". Compared with the general digital printing, the "glitter digital printing" can show more layers and more changes in color, making the product more eye-catching!

23 x 29.8 x 1.8 mm

The digital printing badge is suitable for placing character pictures, texts or LOGO for corporate branding, and can be used as corporate gifts, souvenirs, trade show giveaways, and identifying marks.

To enhance its reliability, we apply digital printing with varnish process techniques. There are 2 different dimensions for option: small and medium.

Small and medium size
